## Download the App

Scan the QR code below with your iPad to access more functions and customization settings.

- ✓ Tip signal adjuster
- ✓ Customizable shortcut keys
- ✓ Customizable sleep time
- ✓ Configurable indicator light color

## Bluetooth Pairing Instructions

1. Short press 5 times until the blue light at the tail flashes, indicating Bluetooth pairing mode. (If the connection is not established within 30 seconds, pairing mode will automatically close. In this case, press and hold to power off, then turn it on again to Bluetooth pairing mode.)
2. On your iPad, go to Settings > Bluetooth, find "eiP Pencil X" in the device list, and tap it.
3. When the pairing pop-up appears, tap "Pair" to complete the connection.

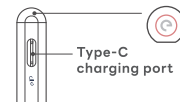

## Tips

- If your iPad is currently connected to an Apple Pencil, please disconnect it before using this device.
- Bluetooth pairing is only required the first time you use the pencil.
- After pairing is complete, for future use simply short-press the tail button to automatically reconnect, as long as the iPad is powered on.

## Charging Method

Connect the Type-C charging cable to a USB charger.

- Charging: Red breathing light
- Fully charged: Solid green light

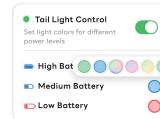

※ Turns off after 10 minutes of inactivity.

## Battery Indicator Light

White light (Aurora): 60% ~ 100%  
Blue light: 30% ~ 60%  
Red light: 0% ~ 30%

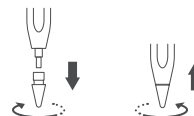

※ The indicator light color can be customized in the App according to your preference.

## Replacing the Pen Tip

If you need to replace the tip, take out the spare tip from the package:

- Turn the old tip counterclockwise to remove it.
- Install the new tip by turning it clockwise.
